

Floor

1. Hashi Davide Groppi

On show: Euroluce, Milan

A floor lamp conceived to provide direct light in a simple and flexible manner; Hashi's principal component is the pivot point between two chopsticks that serve as light sources.

The two sticks can be positioned in different ways, creating a strong, graphic effect in space.

4. Bullet Formagenda

On show: Maison et Objet, Paris

Designed by Benjamin Hopf, Bullet is a very reduced, iconic product family.

The surface of the light is silk-matt etched and velvety white, all metallic parts are held in a black silky contrast. The black fabric covered cable perfectly completes the look for a clean, minimalist addition to any room.

2. Flex Luctra

On show: Interieur, Kartrijk

Good light where it's needed any time of the day, the new lamp from Luctra delivers it all. Thanks to its battery, the portable Flex lamp lets you bring the perfect light with you anywhere.

The colour and brightness of the light can be adjusted and has proven biological effects.

5. Christie Nahoor

On show: Maison et Objet, Paris

The new 2017 collection combines simple geometry with the rigour of minimalism. Designed by William Pianta the Christie floor light is finished in polished chrome, and burgundy Murano glass. Available in satin chrome, burnished, brass, copper, white or back lacquered. Transparent Murano glass is also an option for the sphere.

3. Ginger Marset

On show: Euroluce, Milan

The combination of sheets of wood and paper pressed together under high pressure achieves a laminate that appears almost entirely flat, which discreetly lights up spaces with indirect light. In this floor version with movable arm the Ginger lampshade hangs from a structure that replaces the ceiling.

6. Float Sklo

On show: Euroluce, Milan

A large sphere of Czech glass with a custom brass socket assembly through one side. Each sphere is broken hot from the glass master's pipe and the mouth is torch-polished to create a unique detail. Two thumb screws attach the removable socket from the side of the glass sphere to access the lamp.
